I (we) have read, understand and agree to abide by the auction rules and regulations printed on the backside of this contract, and to all decisions and conclusions of the Red Alliance sale management regarding this auction. I further agree that any cattle/genetic lots accepted and catalogued will be assessed the full sale expense if they do not arrive and sell in this auction or if they are No Sales or buybacks.

Signature: \_\_\_\_\_

## Red Alliance Sale Contract

The Red Alliance Sale will be held Saturday, March 5, 2022, at the Groesbeck Livestock and Auction in Groesbeck, TX.

**As a seller, I agree to the following:**

A signed certificate of registry for each registered animal or a signed Batch Transfer Form (including all breeding data on bred females) will be supplied by me to the sale manager to transfer these animals to the buyer through the RAAA office in Commerce City, Colorado. If a signed certificate or Batch Transfer is not provided, I will transfer these animals directly to the buyer.

All animals must be eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be supplied by me to the sale manager on each animal sold and will include the pregnancy status on females selling as bred. All health certificates to be turned into the office of the sale manager at least 24 hours prior to the auction.

All animals that are catalogued and do not arrive at the auction and sell will be assessed a sale expense based on the average selling price of that animal class. I agree to pay Red Alliance this sale expense if my lots do not arrive and sell in this auction.

All animals (excluding commercial females) will sell with a guarantee by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices. It is to be clearly understood that all warranties, guarantees and refunds on any animal not meeting the standards of the RAAA Rules & Regs shall be made by the seller to the buyer upon proof of not meeting their representations in these auctions.

All purchases must be paid at the conclusion of the auction and will require absentee or represented buyers to send via overnight mail, the funds to Brian Whisnand d/b/a Red Alliance at 534 CR 4505, Whitewright, Texas 75491, by the 4th day following the auction.

Payment (settlements) for this auction will be made as timely as possible. As a seller, I agree that my settlement may be received up to 45 days after the auction. I also authorize the sale manager to hold my payment if cattle cannot be successfully transferred to the buyer for any reason or if in the case of DNA testing requirements proper DNA verification has not been filed with RAAA to register resulting calves.

The commission rate will be established by dividing the total sale expenses by the sale gross of the sale for registered cattle and then multiplying this rate on the sale price of each lot. Red Alliance will charge 5% for providing the auctioneer and sale management with all other expenses being charged at cost and computed in the final settlements. The goal is for a commission rate to be at 15% or less. Commercial cattle will be charged a flat rate on a per head basis

Absentee Bids -- The Seller hereby gives permission to the Auctioneer/Sale Manager to accept bids, at the Auctioneer /Sale Managers discretion. The Seller understands and agrees that if absentee bids are accepted that the Auctioneer/Sale Manager and their staff will place these bids on the Absentee Bidder's behalf in a competitive nature and that the Auctioneer/Sale Manager and their staff in doing so will be acting as a Dual Agent for the Seller and the Absentee Bidder.

The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

***The Sale Manager acts as agent between buyer & seller only.***

Please make my settlement check to: \_\_\_\_\_

I agree to the terms and conditions listed above: \_\_\_\_\_ Date: \_\_\_\_\_
